

Attention WTC Workers and Volunteers

If you were a worker or volunteer who provided the following recovery services in response to the September 11, 2001 terrorist attacks on the World Trade Center:

- Rescue
- Recovery
- Debris Removal
- Restoration of Vital Support Services

Examination locations:

Manhattan:

Mount Sinai Center for Occupational & Environmental Medicine

Bellevue/NYU Occupational & Environmental Medicine Clinic

Queens:

Queens College Center for the Biology of Natural Systems

Long Island:

SUNY Stony Brook/L.I. Occupational & Environmental Health Center with various examination sites in Nassau and Suffolk Counties

Westchester (Yonkers):

Mount Sinai Center for Occupational & Environmental Medicine/Hudson Valley Division at St. John's Riverside Hospital

New Jersey (Piscataway):

UMDNJ Environmental & Occupational Health Sciences Institute

National: Screening examinations are offered throughout the United States through the Association of Occupational and Environmental Health Clinics.

You may be eligible to receive a FREE and CONFIDENTIAL comprehensive medical screening examination under the federally funded World Trade Center Worker and Volunteer Medical Screening Program.

The examination includes:

- questions related to work history and medical history, focused especially on symptoms of respiratory conditions, nasal/sinus problems, WTC-related injuries;
- a physical examination by a physician;
- complete blood count, routine blood and urine tests;
- breathing tests;
- a chest x-ray;
- evaluation of stress-related effects.

Each participant will receive referrals for followup medical care and benefits and entitlement information if needed, and a confidential written report of examination results. **All individual examination results will be kept strictly confidential.** No information about any individual will be provided to anyone other than the person examined without his/her written consent.

For more information and to register, call the toll-free WTC Medical Screening Hotline:

1-888-702-0630
www.WTCexams.org

This Program is being conducted by a consortium of occupational medicine providers, under the direction of the Mount Sinai Center for Occupational & Environmental Medicine in partnership with the Centers for Disease Control and Prevention/National Institute for Occupational Safety & Health.
