RE: Your 6.1 Challenge Submission

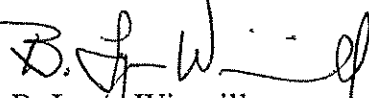

Dear Participants:

Fourteen law offices took the 6.1 Challenge and submitted forms for this friendly competition to encourage *pro bono* and community service in the legal community. The winner of the award will be announced May 1, but we wanted to take this opportunity to congratulate all of the participants.

We were very impressed with the efforts made by all who took the Challenge. The submissions demonstrated attorneys are involved in a wide range of activities, but the common thread is that the attorneys accepting the Challenge are involved in and contributing to their community. These contributions are invaluable to the community as a whole and especially to those who need legal assistance.

Best regards,
